AT THE CHAUTAUQUA

A GOOD CROWD GREETS FIRST EVENING PERFORMANCE.

THE WEATHER WAS IBEAL

Schumann Quirtet Gives Pelightful Performance Followed by Excellent Lecture by Gordon.

Any one who happened to be out at Normal Park last night when the Chautauqua gave its initial evening performance found himself taking a new lease on life. The weather was perfect, warm enough for summer time and yet cool enough to make the hours in the Chautauqua tent most enjoyable. A large first-night crowd attended the performance. The Schumann quintet which furnished the music for both the afternoon and evening performances did splendid work. Carl Lambert, the leader, has appeared in Maryville before in a lyceum course, but not with the same assistants. His work here this time was nevertheless pleasing. In the afternoon the quintet gave a Mendelssohn concert, playing a number of the composer's works in a delightful manner.

The Evening Program.

In the evening the program began at 8 o'clock and the first forty-five minutes were devoted to another treat by the quintet. Then Dr. James L. Gordon, known as Canada's greatest orator, gave his lecture on "Success."

Doctor Gordon has a reputation throughout the United States as a speaker. He is at present pastor of the First Congregational church of Washington, D. C., and it is said that not one Sunday in the year is there even standing room in his church. His prayer meetings on Thursday night of each week are characterized by the large attendance. Doctor Gordon lived fully up to his reputation last night in a lecture full of inspiration.

Miss Mabel McGill, supervisor of the Junior Chautauqua, arrived on the evening train and was introduced to the audience. She told of her plans to interest the children and invited them all to be present for the organization of the play work at the Chautauqua grounds this morning. She also described the pageant that would be the result of her work with the youngsters.

At 2:30 o'clock today Mrs. Sarah Tyson Rorer of Ladies' Home Journal fame gave a lecture.

E-Governor Willis Tonight.

Tonight's program will consist of a forty-five minute entertainment by the Glen Wells Company, the feature of which will be a thrilling dramatic sketch in which the entire company appears. This will be followed by the lecturer of the evening, ex-Governor Frank B. Willis of Ohio, one of the greatest orators and most forceful political campaigners of today. It is said of him that no man in the Republican party can command greater audiences throughout the country. His address is considered one of the features of the Chautauqua.

Tomorrow's program is as follows:

9:00—Junior Chautauqua.

10:00—Lecture, Dr. Nan Sperry, assistant labor commissioner of Missouri.

2:30—The Royal Dragoons.

3:00—Lecture, Congressman Abercrombie, congressman-at-large from Alabama, recognized as one of the nation's foremost educators.

7:30—The Royal Dragoons, appearing in dashing military costume, and giving the very best in orchestral and vocal music.

Frank Reuillard, the Maryville restaurant man, was auto riding through here last Tuesday night, going home by Old Xenia. He ran over a calf in the road near the Fairview school house, but neither Frank, his car or the calf were hurt. Mighty lucky.—From Fairview Items in Hopkins Journal.

NAMES ELEMENTS OF SUCCESS

Dr. James L. Gordon Says That Opportunity to Succeed Was Never Greater Than Now.

Success in the commonly accepted sense of the word and success according to the highest ideals were discussed by Dr. James L. Gordon of Washington, D. C., in his lecture at the Chautauqua last night.

"Success in the worldly definition of the term," said Doctor Gordon, "is the art of getting ahead, no matter how. But the highest success is to make the most of our opportunities for the good of man and for the glory of God."

Speaking of the present day opportunities for success, Doctor Gordon said:

"Never was there greater opportunity for a man to be successful than at present. If he can't win in North America, he can't win anywhere, and there is no better time to win the highest success than in 1917."

Two elements enter into success, according to Doctor Gordon. The first of these is character and the second is individuality. Both of these in his estimation are absolutely essential in reaching the highest ideals of success.

"The standards of success are different in sections of the country," Dr. Gordon said. "In Philadelphia, it is blood that counts; in Boston it is knowledge; in New York it is "How much are you worth?" in Chicago, it is what can you do?"

COLLEGE BOYS AS HELPERS

Chautauqua Management Employs Students Who Wish to Earn Money During Their Vacation.

Always a noteworthy fact about the Chautauqua is the character of the persons who are in the organizations as cashiers, gate keepers, etc. This year the young men assisting in this work are with one exception students of Iowa colleges.

A. H. Nichols, the cashier, is from Clarence, Ia., and is a student at the University of Missouri, being in his Junior year.

A. J. Redding, the gate-keeper is from Independence, Ia., and is a senior in the Dental college of Iowa State University.

A. J. Quam, who helps with the gate work, is from Jewell Junction, Ia., and attends Luther College.

Many of the students traveling with the Chautauqua make part of their expenses for the next school year and others travel just for the experience.

NO CHAUTAUQUA DEFICIT

Maryville Guarantors Will Not Have to Supply Ticket Money This Year.

Maryville guarantors are not going to have to dig down in their pockets this year and pay for the tickets which delinquent Maryville subscribers failed to take. The people of the city and county have come nobly to the rescue of the men who make the Chautauqua possible and have bought up practically all of the tickets that are necessary to assure the absence of a deficit in the $1,500 guarantee.

This is good news for the guarantors, who have been discouraged at the lack of public spirit shown this year and were just about to decide that no more Chautauquas would come to Maryville with their guarantee. The response of the people in buying up the tickets has been slow but sure. The guarantors will now enjoy the Chautauqua, knowing that no deficit has to be made up by them at the end of the week.

TO EXPLAIN WAR SERVICE

City Attorney McCaffrey, Dr. S. A. Coile and Miss Parcher to Make Short Talks.

A mass meeting of the women interested in registration for war work has been ordered for 4 o'clock Saturday afternoon in the Circuit Court room by the Maryville committee consisting of Mrs. M. G. Tate, Mrs. W. C. Van Cleve and Mrs. E G. Orear.

The meeting will immediately follow the dedication of the flag pole to the Fourth Regiment band, and every woman who has the interests of the war at heart is asked to attend the meeting.

Short talks on different phases of the registration will be made by speakers selected by the committee. City Attorney C. F. McCaffrey will give the legal phase of the question, so that all erroneous ideas regarding the obligations of war service may be dispelled.

Dr. S. A. Coile, pastor of the First Presbyterian church, will talk on the duty of women in the registration movement, and will urge all women to sign up for any service that they can perform. He will emphasize especially the fact that signing for war work does not mean service abroad.

Miss Jessie Parcher, chairman of the county work, will talk on the procedure on registration day and will announce the registration places for the county and city.

Strong counter attacks were launched by the British during the night along the Ypres-Roulers road and after heavy fighting, positions which the Germans had taken at a great loss of life were re-won. Although official advices stated that skies had cleared and rains abated an official statement said that the downpour has continued for forty-eight hours.

PLAN HOME GUARD

MEN NOT DRAFTED MAY ENROLL FOR SERVICE SOON.

EQUIPMENT IS ASKED

Immediate Supply of Necessaries Limited But Plenty Will Be Available Later, Says Atty. General.

Steps to establish a Home Guard for Maryville are being taken daily now. The Commercial Club committee, comprising E. M. Claypool, C. C. Hellmers, Conrad Yehle and Roy Curfman, met this morning and decided to have application cards printed and to enroll at once all those men who wish to undertake the work.

Many men who are too old for the draft have expressed themselves willing to take up this branch of service for the government. It entails no duties that would interfere with a man's regular business, and at the same time furnishes adequate protection for home industries and for towns.

Jefferson City, Aug. 2.—Attorney General McAllister, who is in Washington to ascertain what equipment can be obtained from the government for Home Guard organizations in Missouri, telegraphed to Governor Gardner today as follows:

"Have had a satisfactory interview with Secretary Baker and afterward with Ordnance officers. The immediate supply of equipment is limited, but plenty will be available in two or three months. Will get a statement Friday or Saturday as to what we can secure at once. Please wire information at once as to rifles in the schools of Missouri."

Superintendent of Public Schools Lamkin says he has no definite information on the subject. Rifles and other equipment have been issued to cadets of the State University and the military academies at Mexico, Boonville and Lexington, but none have been issued to high schools.

Home Guard organizations are being formed all over the state, and arms requirements will be large.

A PURSE FOR LLOYD WEIR

Friends at Arkoe Give $94.05 to Man Severely Injured in 20-Foot Fall From Barn.

The friends of Lloyd Weir of Arkoe, who suffered a broken leg and a crushed heel in a fall from a barn on the old Denning farm two weeks ago, made up a purse for him yesterday afternoon, collecting $94.05.

Mr. Weir, who is severely hurt, was working for Jack Frost at the time of the accident. He was on top of a barn fixing a pulley preparatory to hauling hay into the loft, when he lost his balance and fell twenty feet, breaking his right leg and crushing the bones in his left heel. Mr. Weir is married but has no children. He will be unable to work for five months at least.

Women Love Babies

It is woman's nature to naturally respond to the charm of a pretty child. Who does not admire babies? The longing to possess a baby is often outweighed by the inherent fear of the period of distress. There is a most wonderful external preparation known as "Mother's Friend".

It is a safe external massage which relieves pain and discomfort at the crisis; makes elastic those fibers and muscles which nature is expanding, and wonderfully soothes the inflammation of breast glands.

It enables the expectant mother to preserve her health and strength, and she remains a pretty mother by having avoided the suffering and danger which would otherwise accompany such an occasion. Every nerve, muscle and tendon is thoroughly lubricated. Get a bottle today from the druggist, and write to the Bradfield Regulator Co., Dept. G, 200 Lamar Building, Atlanta, Ga. They will mail you an intensely interesting little book, "Motherhood and the Baby". The book is free. Every woman should herself aid nature in her glorious work. "Mother's Friend" makes it possible for you to do so and should be used regularly without fail night and morning.

DANGER IN MARRIAGES

Women Wedding Men to Keep Them From Conscription Will Be Prosecuted—Dependency, Only Reason.

Special to The Democrat-Forum.

Washington, Aug. 2.—Hasty marriages made since July 20, the date of the army draft drawing, in an effort to escape conscription througn the claim of a dependent wife, will not be considered ground for discharge unless the wife is actually dependent on the husband's daily labor.

Prompted by reports from many cities of marriage license bureaus besieged by men included in the first draft call, Provost Marshal General Crowder today ruled that "marriage is not of itself a valid ground for making claim for discharge."

Dependency is a matter of fact, not a law, General Crowder pointed out. "A man whose wife is mainly dependent on his daily labor for support," he said, "may claim exemption on that ground. Only the exemption boards can determine this fact. Where dependency is claimed and circumstances show a marriage hastily consumated since July 20, by a man whose number is high on the available list, the actual fact of dependency must be closely scrutinized."

Moreover, General Crowder declared, women who marry men merely to aid them to be slackers are liable to prosecution under the draft act.

QUOTA IS CORRECT

NO MISTAKE MADE IN CALLING 202 FROM NODAWAY COUNTY.

ENLISTMENTS REDUCED IT

Original Quota Figuring From 1910 Census Would Have Been 310 Without Any Volunteers.

There has been considerable talk relative to the quota to be furnished by Nodaway county for the first draft army. Many are of the opinion it is rather high when compared with the quotas from other counties in this section.

Prosecuting Attorney Sawyers figured the quota yesterday. He took the county's population of the 1910 census which was 28,833 and arrived at the conclusion that the quota of 202 men from this county is correct. The state quota is 35,400, not counting enlistments. This would make Nodaway county's quota 310. It is thought that there have been at least 108 enlistments from this county, leaving a quota of 202 to be filled out from the draft list.

Following are the numbers as drawn in Washington and applying to this county, commencing with where the Democrat-Forum left off Tuesday:

STRIKE SITUATION SERIOUS

Great Danger of General Walk-Out in All Branches of Labor Threatens United States Now.

Special to The Democrat-Forum.

Washington, August 2.—The labor situation throughout the country is becoming increasingly serious. Starting with sporadic outbreaks of the Industrial Workers of the World in the west, the troubles have increased until today there is danger of a general strike, and in many industries the situation is very grave. Taking advantage of the agitation against the Industrial Workers, western and southwestern employers of labor are discharging union officers. Labor leaders allege behind this lies the national unrest due to the high cost of living.

FORMER RESIDENT DIES.

Mrs. Julia Conway, 76 Years Old, Lived Here Many Years.

Mrs. Julia A. Conway, 76 years old, widow of Richard Conway, died at 7:30 o'clock Wednesday morning at her home, 914 North Eleventh street, St. Joseph. She is survived by ten children including four boys and six girls. The body will be brought to Maryville for burial. Richard Conway was a pioneer resident of St. Joseph and was in the boot and shoe business there before the Civil war.

Bring Back Haynes Cars.

Walter Wray, George Sillers and Cleav J. Funk returned last evening from Detroit, bringing back with them two Haynes cars, which have been sold to Arthur Garten and Lee Crossan. They left Detroit with the cars Saturday afternoon.

Dr. J. W. Barley Leaves.

Dr. J. W. Barley leaves this evening for Montgomery City, where he will meet Mrs. Barley and his daughter, Miss Louise. The family will then go to the Ozarks for a month's vacation.

Handy Literature.

Saunderson found it very hard work selling books. The volumes he had to offer, one of which he had to carry with him as a sample, were very heavy, and nobody seemed to want them. But he was a persistent man, and even the stubborn Mrs. Bowling could not send him away unheard. "We have all the books we can use," she said, "and we really can't afford any more reading matter. Why, I haven't even opened the second volume of that Roman history you sold us last spring. Now, if you were selling one of those adjustable ironing boards"— "I've got just the thing!" said Saunderson cheerfully. "There are twelve books in this set, and you can use either one or two or three, and so on up to six, to tilt your board any way you want to. And between whiles when your iron is heating you have good literature to refresh your mind."

EXPEMTION BOARD RULING

No Member Will Be Permitted to Resign Hereafter Unless for Urgent Reasons.

Special to The Democrat-Forum.

Jefferson City, Aug. 2.—Local exemption board members in Missouri will not be permitted to resign hereafter unless for the most urgent reasons. This announcement was made today at the office of the adjutant general following receipt of orders from Provost Marshal General Crowder.

"By section 6 of the selective draft law persons designated to perform this service are as effectively drafted for this duty as registrants who are to be selected for military service," said the telegram from General Crowder. "In the future members of local boards will be excused from performing this service only for the most urgent reasons approved by the governor of the state."

A SAFE TEST.

For those who are in need of a remedy for kidney troubles and backache, it is a good plan to try Doan's Kidney Pills. They are strongly recommended by Maryville people.

Miss Harriet McClurg, 409 E. Thompson street, Maryville, says: "Doan's Kidney Pills were just the thing in my case. I was troubled by pain and weakness in my back, hips and loins and could hardly get about. My kidneys acted too often and caused me great annoyance. Doan's Kidney Pills cured all those troubles and my health is now good." (Statement given September 19, 1908).

On June 12, 1916, Miss McClurg said: "It certainly is a pleasure to confirm my former recommendation for Doan's Kidney Pills. It has been a long time since I have had to use them, so I consider the benefit permanent."

VOLUME 8. MARYVILLE, MISSOURI, THURSDAY, AUG. 2, 1917 NO. 51.

AT THE CHAUTAUQUA

A GOOD CROWD GREETS FIRST EVENING PERFORMANCE.

THE WEATHER WAS IDEAL

Schumann Quintet Gives Delightful Performance Followed by Excellent Lecture by Gordon.

Any one who happened to be out at Normal Park last night when the Chautauqua gave its initial evening performance found himself taking a new lease on life. The weather was perfect, warm enough for summer time and yet cool enough to make the hours in the Chautauqua tent most enjoyable. A large first-night crowd attended the performance. The Schumann quintet which furnished the music for both the afternoon and evening performances did splendid work. Carl Lambert, the leader, has appeared in Maryville before in a lyceum course, but not with the same assistants. His work here this time was nevertheless pleasing. In the afternoon the quintet gave a Mendelssohn concert, playing a number of the composer's works in a delightful manner.

The Evening Program.

In the evening the program began at 8 o'clock and the first forty-five minutes were devoted to another treat by the quintet. Then Dr. James L. Gordon, known as Canada's greatest orator, gave his lecture on "Success."

Doctor Gordon has a reputation throughout the United States as a speaker. He is at present pastor of the First Congregational church of Washington, D. C., and it is said that not one Sunday in the year is there even standing room in his church. His prayer meetings on Thursday night of each week are characterized by the large attendance. Doctor Gordon lived fully up to his reputation last night in a lecture full of inspiration.

Miss Mabel McGill, supervisor of the Junior Chautauqua, arrived on the evening train and was introduced to the audience. She told of her plans to interest the children and invited them all to be present for the organization of the play work at the Chautauqua grounds this morning. She also described the pageant that would be the result of her work with the youngsters.

At 2:30 o'clock today Mrs. Sarah Tyson Rorer of Ladies' Home Journal fame gave a lecture.

E-Governor Willis Tonight.

Tonight's program will consist of a forty-five minute entertainment by the Glen Wells Company, the feature of which will be a thrilling dramatic sketch in which the entire company appears. This will be followed by the lecturer of the evening, ex-Governor Frank B. Willis of Ohio, one of the greatest orators and most forceful political campaigners of today. It is said of him that no man in the Republican party can command greater audiences throughout the country. His address is considered one of the features of the Chautauqua.

Tomorrow's program is as follows:

9:00—Junior Chautauqua.

10:00—Lecture, Dr. Nan Sperry, assistant labor commissioner of Missouri.

2:30—The Royal Dragoons.

3:00—Lecture, Congressman Abercrombie, congressman-at-large from Alabama, recognized as one of the nation's foremost educators.

7:30—The Royal Dragoons, appearing in dashing military costume, and giving the very best in orchestral and vocal music.

Frank Reuillard, the Maryville restaurant man, was auto riding through here last Tuesday night, going home by Old Xenia. He ran over a calf in the road near the Fairview school house, but neither Frank, his car or the calf were hurt. Mighty lucky.—From Fairview Items in Hopkins Journal.

NAMES ELEMENTS OF SUCCESS

Dr. James L. Gordon Says That Opportunity to Succeed Was Never Greater Than Now.

Success in the commonly accepted sense of the word and success according to the highest ideals were discussed by Dr. James L. Gordon of Washington, D. C., in his lecture at the Chautauqua last night.

"Success in the worldly definition of the term," said Doctor Gordon, "is the art of getting ahead, no matter how. But the highest success is to make the most of our opportunities for the good of man and for the glory of God."

Speaking of the present day opportunities for success, Doctor Gordon said:

"Never was there greater opportunity for a man to be successful than at present. If he can't win in North America, he can't win anywhere, and there is no better time to win the highest success than in 1917."

Two elements enter into success, according to Doctor Gordon. The first of these is character and the second is individuality. Both of these in his estimation are absolutely essential in reaching the highest ideals of success.

"The standards of success are different in sections of the country," Dr. Gordon said, "In Philadelphia, it is blood that counts; in Boston it is knowledge; in New York it is "How much are you worth?" in Chicago, it is what can you do?"

COLLEGE BOYS AS HELPERS

Chautauqua Management Employs Students Who Wish to Earn Money During Their Vacation.

Always a noteworthy fact about the Chautauqua is the character of the persons who are in the organizations as cashiers, gate keepers, etc. This year the young men assisting in this work are with one exception students of Iowa colleges.

A. H. Nichols, the cashier, is from Clarence, Ia., and is a student at the University of Missouri, being in his Junior year.

A. J. Redding, the gate-keeper is from Independence, Ia., and is a senior in the Dental college of Iowa State University.

A. J. Quam, who helps with the gate work, is from Jewell Junction, Ia., and attends Luther College.

Many of the students traveling with the Chautauqua make part of their expenses for the next school year and others travel just for the experience.

NO CHAUTAUQUA DEFICIT

Maryville Guarantors Will Not Have to Supply Ticket Money This Year.

Maryville guarantors are not going to have to dig down in their pockets this year and pay for the tickets which delinquent Maryville subscribers failed to take. The people of the city and county have come nobly to the rescue of the men who make the Chautauqua possible and have bought up practically all of the tickets that are necessary to assure the absence of a deficit in the $1,500 guarantee.

This is good news for the guarantors, who have been discouraged at the lack of public spirit shown this year and were just about to decide that no more Chautauquas would come to Maryville with their guarantee. The response of the people in buying up the tickets has been slow but sure. The guarantors will now enjoy the Chautauqua, knowing that no deficit has to be made up by them at the end of the week.

CALL MASS MEETING

MARYVILLE WOMAN ASKED TO HEAR REGISTRATION SPEAKER.

TO EXPLAIN WAR SERVICE

City Attorney McCaffrey, Dr. S. A. Coile and Miss Parcher to Make Short Talks.

A mass meeting of the women interested in registration for war work has been ordered for 4 o'clock Saturday afternoon in the Circuit Court room by the Maryville committee consisting of Mrs. M. G. Tate, Mrs. W. C. Van Cleve and Mrs. E G. Orear.

The meeting will immediately follow the dedication of the flag pole to the Fourth Regiment band, and every woman who has the interests of the war at heart is asked to attend the meeting.

Short talks on different phases of the registration will be made by speakers selected by the committee. City Attorney C. F. McCaffrey will give the legal phase of the question, so that all erroneous ideas regarding the obligations of war service may be dispelled.

Dr. S. A. Coile, pastor of the First Presbyterian church, will talk on the duty of women in the registration movement, and will urge all women to sign up for any service that they can perform. He will emphasize especially the fact that signing for war work does not mean service abroad.

Miss Jessie Parcher, chairman of the county work, will talk on the procedure on registration day and will announce the registration places for the county and city.

Special to The Democrat-Forum.

London, Aug. 2.—The third day of the great battle of Flanders opened with another important success for the British. Haig's men re-captured ground lost to the Germans, east of Ypres Wednesday the British war office announced. Strong counter attacks were launched by the British during the night along the Ypres-Roulers road and after heavy fighting, positions which the Germans had taken at a great loss of life were re-won. Although official advices stated that skies had cleared and rains abated an official statement said that the downpour has continued for forty-eight hours.

Tells of Mother's Death.

A letter from Frank H. Rowley of Los Angeles, Calif., contained notice of the death of his mother, Mrs. E. A. Rowley, who died July 27 in that city. Mrs. Rowley was nearly 84 years old and had been in good health. Having done her morning work, she had sat down on the edge of the bed to rest a moment, and death came instantly. Mr. Rowley is still living at the age of 82 years and is quite well. The Rowleys were formerly residents of this city.

PLAN HOME GUARD

MEN NOT DRAFTED MAY ENROLL FOR SERVICE SOON.

EQUIPMENT IS ASKED

Immediate Supply of Necessaries Limited But Plenty Will Be Available Later, Says Atty. General.

Steps to establish a Home Guard for Maryville are being taken daily now. The Commercial Club committee, comprising E. M. Claypool, C. C. Hellmers, Conrad Yehle and Roy Curfman, met this morning and decided to have application cards printed and to enroll at once all those men who wish to undertake the work.

Many men who are too old for the draft have expressed themselves willing to take up this branch of service for the government. It entails no duties that would interfere with a man's regular business, and at the same time furnishes adequate protection for home industries and for towns.

Jefferson City, Aug. 2.—Attorney General McAllister, who is in Washington to ascertain what equipment can be obtained from the government for Home Guard organizations in Missouri, telegraphed to Governor Gardner today as follows:

"Have had a satisfactory interview with Secretary Baker and afterward with Ordnance officers. The immediate supply of equipment is limited, but plenty will be available in two or three months. Will get a statement Friday or Saturday as to what we can secure at once. Please wire information at once as to rifles in the schools of Missouri."

Superintendent of Public Schools Lamkin says he has no definite information on the subject. Rifles and other equipment have been issued to cadets of the State University and the military academies at Mexico, Boonville and Lexington, but none have been issued to high schools.

Home Guard organizations are being formed all over the state, and arms requirements will be large.

Women Love Babies

It is woman's nature to naturally respond to the charm of a pretty child. Who does not admire babies? The longing to possess a baby is often outweighed by the inherent fear of the period of distress. There is a most wonderful external preparation known as "Mother's Friend".

It is a safe external massage which relieves pain and discomfort at the crisis; makes elastic those fibers and muscles which nature is expanding, and wonderfully soothes the inflammation of breast glands.

It enables the expectant mother to preserve her health and strength, and she remains a pretty mother by having avoided the suffering and danger which would otherwise accompany such an occasion. Every nerve, muscle and tendon is thoroughly lubricated. Get a bottle today from the druggist, and write to the Bradfield Regulator Co., Dept. G, 200 Lamar Building, Atlanta, Ga. They will mail you an intensely interesting little book, "Motherhood and the Baby". The book is free. Every woman should herself aid nature in her glorious work. "Mother's Friend" makes it possible for you to do so and should be used regularly without fail night and morning.

DANGER IN MARRIAGES

Women Wedding Men to Keep Them From Conscription Will Be Prosecuted—Dependency, Only Reason.

Special to The Democrat-Forum.

Washington, Aug. 2.—Hasty marriages made since July 20, the date of the army draft drawing, in an effort to escape conscription througn the claim of a dependent wife, will not be considered ground for discharge unless the wife is actually dependent on the husband's daily labor.

Prompted by reports from many cities of marriage license bureaus besieged by men included in the first draft call, Provost Marshal General Crowder today ruled that "marriage is not of itself a valid ground for making claim for discharge."

Dependency is a matter of fact, not a law, General Crowder pointed out.

"A man whose wife is mainly dependent on his daily labor for support," he said, "may claim exemption on that ground. Only the exemption boards can determine this fact. Where dependency is claimed and circumstances show a marriage hastily consumated since July 20, by a man whose number is high on the available list, the actual fact of dependency must be closely scrutinized."

Moreover, General Crowder declared, women who marry men merely to aid them to be slackers are liable to prosecution under the draft act.

QUOTA IS CORRECT

NO MISTAKE MADE IN CALLING 202 FROM NODAWAY COUNTY.

ENLISTMENTS REDUCED IT

Original Quota Figuring From 1910 Census Would Have Been 310 Without Any Volunteers.

There has been considerable talk relative to the quota to be furnished by Nodaway county for the first draft army. Many are of the opinion it is rather high when compared with the quotas from other counties in this section.

Prosecuting Attorney Sawyers figured the quota yesterday. He took the county's population of the 1910 census which was 28,833 and arrived at the conclusion that the quota of 202 men from this county is correct. The state quota is 35,400, not counting enlistments. This would make Nodaway county's quota 310. It is thought that there have been at least 108 enlistments from this county, leaving a quota of 202 to be filled out from the draft list.

Following are the numbers as drawn in Washington and applying to this county, commencing with where the Democrat-Forum left off Tuesday:

STRIKE SITUATION SERIOUS

Great Danger of General Walk-Out in All Branches of Labor Threatens United States Now.

Special to The Democrat-Forum.

Washington, August 2.—The labor situation throughout the country is becoming increasingly serious. Starting with sporadic outbreaks of the Industrial Workers of the World in the west, the troubles have increased until today there is danger of a general strike, and in many industries the situation is very grave. Taking advantage of the agitation against the Industrial Workers, western and southwestern employers of labor are discharging union officers. Labor leaders allege behind this lies the national unrest due to the high cost of living.

FORMER RESIDENT DIES.

Mrs. Julia Conway, 76 Years Old, Lived Here Many Years.

Mrs. Julia A. Conway, 76 years old, widow of Richard Conway, died at 7:30 o'clock Wednesday morning at her home, 914 North Eleventh street, St. Joseph. She is survived by ten children including four boys and six girls. The body will be brought to Maryville for burial. Richard Conway was a pioneer resident of St. Joseph and was in the boot and shoe business there before the Civil war.

Bring Back Haynes Cars.

Walter Wray, George Sillers and Cleav J. Funk returned last evening from Detroit, bringing back with them two Haynes cars, which have been sold to Arthur Garten and Lee Crossan. They left Detroit with the cars Saturday afternoon.

Dr. J. W. Barley Leaves.

Handy Literature.

Saunderson found it very hard work selling books. The volumes he had to offer, one of which he had to carry with him as a sample, were very heavy, and nobody seemed to want them. But he was a persistent man, and even the stubborn Mrs. Bowling could not send him away unheard. "We have all the books we can use," she said, "and we really can't afford any more reading matter. Why, I haven't even opened the second volume of that Roman history you sold us last spring. Now, if you were selling one of those adjustable ironing boards"— "I've got just the thing!" said Saunderson cheerfully. "There are twelve books in this set, and you can use either one or two or three, and so on up to six, to tilt your board any way you want to. And between whiles when your iron is heating you have good literature to refresh your mind."

EXPEMTION BOARD RULING

No Member Will Be Permitted to Resign Hereafter Unless for Urgent Reasons.

Special to The Democrat-Forum.

Jefferson City, Aug. 2.—Local exemption board members in Missouri will not be permitted to resign hereafter unless for the most urgent reasons. This announcement was made today at the office of the adjutant general following receipt of orders from Provost Marshal General Crowder.

"By section 6 of the selective draft law persons designated to perform this service are as effectively drafted for this duty as registrants who are to be selected for military service," said the telegram from General Crowder. "In the future members of local boards will be excused from performing this service only for the most urgent reasons approved by the governor of the state."

A SAFE TEST.
For those who are in need of a remedy for kidney troubles and backache, it is a good plan to try Doan's Kidney Pills. They are strongly recommended by Maryville people.
Miss Harriet McClurg, 409 E. Thompson street, Maryville, says: "Doan's Kidney Pills were just the thing in my case. I was troubled by pain and weakness in my back, hips and loins and could hardly get about. My kidneys acted too often and caused me great annoyance. Doan's Kidney Pills cured all those troubles and my health is now good." (Statement given September 19, 1908).
On June 12, 1916, Miss McClurg said: "It certainly is a pleasure to confirm my former recommendation for Doan's Kidney Pills. It has been a long time since I have had to use them, so I consider the benefit permanent."
